

# Lesson Planning Guide

## Setting Goals

*What do I want students to **understand** about this topic? What should they know and be able to do?*

*Which questions in the activity are most important?*

## Anticipating Student Responses

*How might students approach these questions? Where might students get stuck? What misconceptions might arise?*

## Monitoring Student Work

*What questions could I ask while monitoring groups to assess and advance student thinking?*

## Selecting and Sequencing Student Responses

*What ideas do I want shared? Who should share them? In what order?*

## Debriefing the Lesson with Margin Notes

*How will I formalize the learning and connect student work to the goals of the lesson?*
