

## Turkey Trot

Figures 1-4 of a visual sequence of turkeys are shown.

1. How do you see the pattern growing?
2. What would Figure 5 look like? Can you determine the number of turkeys in Figure 5 without counting them one by one?
3. How many turkeys would be in Figure 10?
4. How many turkeys would be in Figure  $n$ ? Show how your expression connects to the visual.
